

# SIXTH FORM FOCUS

Your insight into Ruislip High School Sixth Form life

## MEET THE TEAM

### Amelia M

Hey, I'm Amelia, and I am the Head of Year 9. I love our Sixth Form for its people - our community is made exceptional through our shared optimism and integrity.

### Devin R

Hello, my name is Devin and I am the Deputy Head of Year 9. My favourite thing about RHS Sixth Form is being independent and having the support available from teachers and staff to prepare for life after Sixth Form.

### Charlie J

Hi, I'm Charlie, your new head of communication. My favourite thing about the sixth form is the sense of independence; I'm free to study and complete homework during both my free periods, and at home, which allows me to balance my work with ease.

*Make sure you read the next edition to meet some more of the Student Leadership Team!*

## PPE Cheer!

For sixth formers, this Christmas holiday will be a busy one. How can we make the most of our time so we can get involved in the festive cheer, but still feel prepared to tackle our exams in January?

**Know which topics will be assessed and how** they will be assessed so you can prioritise on the most important tasks over the break.

**Do exam questions** so you are familiar with the mark scheme and practice applying your knowledge.

**Work Smart and make it for you.** Miss Costick has uploaded a digital version of the WorkSmart plans to the year group Google Classroom. If you would prefer a hard copy, they are available in the E2 study room.

**Relax, enjoy and have a lovely break.** Christmas is still Christmas! The break will go by very quickly so do make the most of it with your loved ones!

# RHS Sixth Formers take on LIMUN

On the weekend of the 20th and 21st November, twenty-one Ruislip High School sixth formers attended the LIMUN: High School Sixth Edition Conference in person at King's College London's Waterloo campus.

Each of our students represented a different country on a wide range of diverse committees, debating a true plethora of different topics. For example, on the World Health Organisation committee, insightful debates were held on combating medical misinformation in the digital age, with our students representing countries as varied as Colombia, Ghana and Germany in this committee alone.

Whilst at the event, students had the chance to hear talks by an inspiring group of speakers, such as Kitack Lim, the Secretary General of the International Maritime Organisation, and Emtithal Mahmoud, a Goodwill Ambassador for the UN Refugee Agency (UNHCR), who performed her inspirational poem Di Baladna (Our Land).

All of our students represented the school impeccably and it was a real privilege to be able to take them to such a prestigious event for the first time. A special mention must go out though to one of our students, Simon, who was given the Most Improved Delegate award on the London Platform for Change committee for his work representing the UK. We are very proud of Simon and all of our students for their contributions.

One of our students, Winta, commented as follows, 'the MUN experience was one to remember, teaching us skills like how to speak and write speeches with a solid point. It was excellent; I'd recommend it to all students.' Whilst another student, Devin, 'enjoyed discussing current affairs with different countries and students from other schools'.

Finally, it is important also to share some of the wider sentiments expressed by the organisers of the Conference in the Closing Ceremony. The students at the Conference, as well as all of the students in our school and around the world, truly represent the brightest hope we have for our shared future on this planet. As commented by one of our students, Riapreet, 'it was enriching to participate in democratic, youth-driven change.' Our students need only to stay passionate, idealistic and ambitious, and then they will be in a position to make this world a better place for us all.
