

SIXTH FORM FOCUS

Your insight into Ruislip High School Sixth Form life

MEET THE TEAM NATASHA LOGAN

Hi everyone, my name's Natasha and I'm the Head of Year 11.

Favourite aspect of RHS Sixth Form: My favourite thing about Ruislip High's sixth form is the balance between freedom and support. Being able to do subjects that you're truly passionate about has genuinely made me enjoy school more than I ever have!

LILY BROWN

Hello everyone, my name is Lily and I am Head of Year for the current Year 10.

Favourite aspect of RHS Sixth Form: I love being at RHS Sixth Form for many reasons - but the one that stands out for me is that the teachers are very kind and supportive, especially in guiding you through your journey through sixth form and life afterwards.

Make sure you read the next edition to meet some more of the Student Leadership Team!

Lockdown Living Tips

"Look for MOOCs (massive open online courses) in your subject areas as a way to learn something new! You could try www.futurelearn.com for a range of free courses." - *Alicja, Head of Year 8 and Joining Students*

"I find that working out is a good way to relax and destress after spending a lot of the day doing school work and revision!" - *Emma, Head Student*

Competition Time!

The RHS Sixth Form are a huge part of our school and wider community. As such, every sixth former needs an RHS Sixth Form T-shirt to wear when helping out at big events! And - we'd like YOU to design the front and back of that T-shirt.

The winning design will become the official RHS Sixth Form T-shirt!

It must include the words RHS Sixth Form Student somewhere on the design - this can be as large or as small as you like!

The rest is up to you... so get creative!

Please send designs to office@ruisliphigh.org.uk entitled 'FAO SIXTH FORM, by Thursday 11th June 2020.

Spotlight on Sixth Form life: The New Building

"The new building is an exciting addition to the school, and something I'm sure all the sixth formers will be looking forward to. Across three floors, there will be a series of work spaces, social areas and a new cafeteria; each floor will have Chromebook access too. There will be dedicated Sixth Form teaching spaces for A-Level subjects; two new science labs; a computer suite dedicated to art; a new hall with a stage, perfect for performances produced by students across the whole school and even a brand new Apple Mac media suite! All these new spaces will enable students to have a productive environment and I think it will benefit us all greatly.

Once the extension is completed, Ruislip High will continue to develop other areas of the Sixth Form; the MUGA will be relaid and there are also plans for an onsite gym and shower block! Overall, the new building is a vast but exciting change, which will only amplify the facilities already at Ruislip High school and will include features that students have suggested will be of great benefit to all students." - *Natasha, Head of Year 11*
