Dear Parents/Guardians

Re: Careers Fair & Virtual Work Experience

We are pleased to inform you that Ruislip High School will be hosting a Careers Day on Monday the 1st July, which will include a careers fair and virtual work experience. This event is designed to provide our students with valuable insights into various professions and career paths, helping them to make informed decisions about their future.

During the Careers Fair, students will have the opportunity to hear from a range of professionals across different industries. They will be able to ask questions directly to leading industry professionals and training institutions. They will learn about the skills and education required for various careers, the challenges and rewards of different professions, and the diverse opportunities available in the workforce.

Students will also be given the opportunity to get hands-on experience of working virtually, by completing a virtual work experience placement with one of the country's leading businesses, in a range of companies from finance to public health. They are advised to bring wired headphones for these sessions, as they include training videos. This is designed to help students to see what the modern world of working remotely looks like.

We believe that this event will be highly beneficial for our students as they begin to think about their own career aspirations. We encourage you to discuss the event with your child and explore any questions or interests they may have.

Students will need to bring in their writing equipment, colouring pencils, whiteboards, a whiteboard pen and wired headphones (if possible).

Should parents/guardians have any questions about tuition, please contact me via office@ruisliphigh.org.uk.

Yours sincerely

Mr. J. Shelley
Assistant Headteacher
